

LANDA[®]
PRESSURE WASHERS

Since 1969

North America's **LARGEST** Manufacturer
of Industrial **PRESSURE WASHERS**

PGDC

Self-Contained, Gasoline-Powered
Hot Water Pressure Washer

- Up to 4.7 GPM, 3500 PSI
- Heavy-Duty Honda or Vanguard Engines
- Belt-Drive Pump with 7-Year Warranty
- Sch. 80 Heating Coil

▲ Rugged **High-Pressure Landa Pump**, with three ceramic plungers, forged brass head and 7-year warranty, is connected to the engine by a belt-drive assembly that features cast-iron bushing **Pulleys** and two notched "V" cogged belts, which provide a cooler operation and longer life; also **Two-Bolt Adjustment** makes it easy to adjust the belt tension.

■ High-efficiency, 12VDC **Beckett Burner** is mounted on the end for ease of servicing and adjustments.

■ Disposable **Fuel Filter** prevents debris in diesel from damaging the burner fuel pump.

■ 50 ft. of 3/8", double-wire braid Landa **Tuff-Skin Hose** rated for up to 5800 PSI and featuring a 24-inch **Hose Guard** for burst protection.

■ Rugged, 1/4-inch square tube **Frame** has **Forklift Guides** and is protected by an all-weather resistant epoxy powder coat finish.

■ Super-duty **Heating Coil**, made of cold-rolled, Schedule 80 steel pipe, has a five-year warranty and is surrounded by an aluminized steel wrap.

■ Unique lift-out design allows for easy and quick **Coil Access**. Remove six bolts and the cover lifts off exposing the coil.

■ Helpful **Tri-Lingual Labels** with operating instructions in English, Spanish and French for owner and operator protection.

■ Many **Safety Features**, including redundant devices such as a rupture disk, thermal pump protector and high-temperature shut down to guard against any build up of excessive pressures or heat.

■ Conveniently located **Control Panel** with burner on/off switch, monitor light and hour meter for maintenance monitoring.

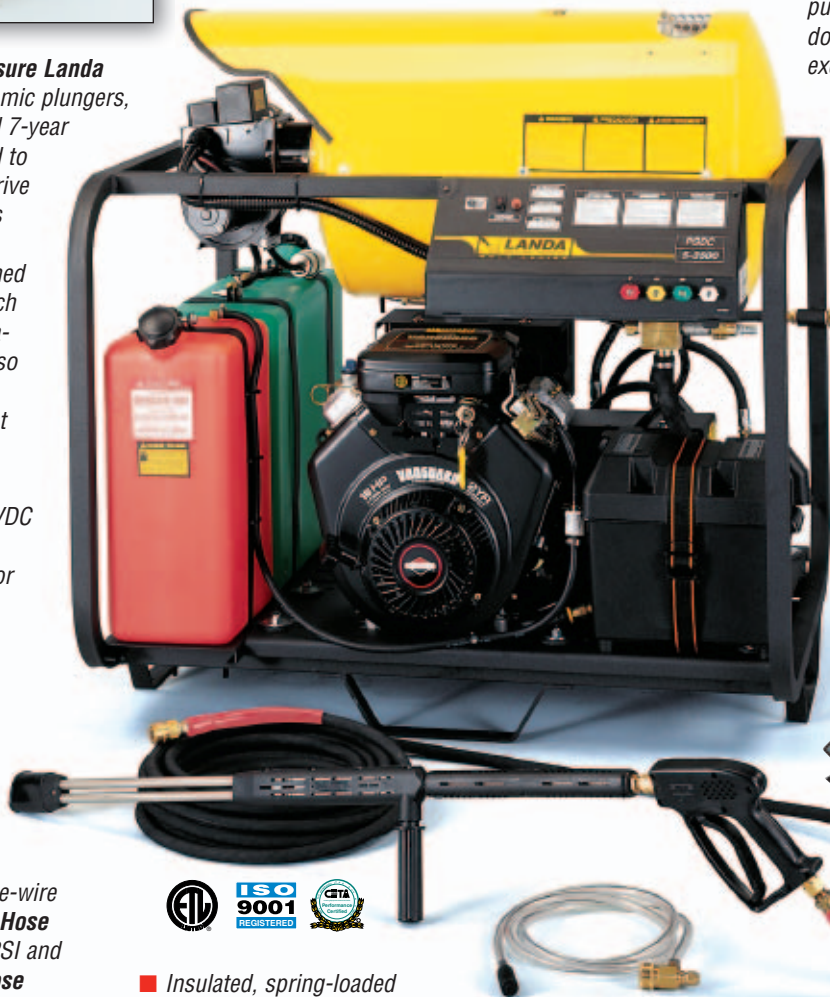

■ Industrial-duty **Gasoline-Powered** Honda or Vanguard engine with overhead valves and easy-access oil drain line; all have keyed **Electric Start**.

■ **Swivel Crimp Fitting** for ease in attaching hose to trigger gun.

■ Durable polyurethane **Battery Box** with vibration isolators for secure ride.

■ **Power Platform** is mounted on vibration isolators, which extends the life of the key components.

■ Four quick-couple **Nozzles** are made of hardened stainless steel and are mounted for ready access.

■ Insulated, spring-loaded **Trigger Gun** with easy-to-attach **Detergent Injector** and insulated, dual-lance **Variable Pressure Wand** make it easy to switch between wash and rinse modes.

■ Two color-coded, polyethylene, 5 gal. **Fuel Tanks** are see through for monitoring fuel levels and both have elevated fuel lines to prevent debris from damaging the burner.

PGDC

*Self-Contained, Gasoline-Powered
Hot Water Pressure Washer*

- Up to 4.7 GPM, 3500 PSI
- Heavy-Duty Honda or Vanguard Engines
- Belt-Drive Pump with 7-Year Warranty
- Sch. 80 Heating Coil

There are three models of the PGDC, which is designed to handle the toughest of outdoor cleaning jobs.

WHY CHOOSE LANDA'S PGDC

The PGDC has all the ruggedness of Landa's famous line of skid-mounted hot water pressure washers but features a 12VDC burner system instead of a generator. As with the other skid-mounted washers, the PGDC is packed with:

QUALITY: The PGDC is powered by reliable 13-20 HP Honda or 16 HP Vanguard engines all with electric start. It also has a top-of-the-line, oil-bath, tri-plunger Landa Pump with 7-year warranty, a Schedule 80 heating coil made of 1/2-inch cold-rolled pipe, and extra-rugged steel frame protected by an epoxy powder coat finish. Moreover, the PGDC is assembled in a Landa factory that is certified to the internationally recognized ISO-9001:2000 standards for quality manufacturing.

SELF-CONTAINED: The PGDC needs no electricity. Simply provide water and it's ready to clean most anywhere outdoors. The two five-gallon gasoline and diesel tanks allow for hours of continuous cleaning. Furthermore, the PGDC is easily fitted with an optional wheel kit to make it portable for on-site cleaning.

SAFETY: As with all Landa pressure washers, the PGDC comes certified to the rigid UL-1776 safety standards, including: 24-inch hose guard for burst protection; thermal pump protector and unloader for protection against build up of pressure or heat in pump bypass water; high-temperature shut down to prevent super-high heat build up; and rupture disk to vent any build up of excessive pressure in the heating coil.

PGDC Specifications

Part No.	GPM	PSI	Engine	HP	Start	Pump RPM	BTU's	L x W x H	SHIP WT.
PGDC4-35324E	3.8	3500	Honda	13	Electric	1185	350,000	49" x 25" x 43"	615 lbs.
PGDC5-35224E	4.7	3500	Vanguard	16	Electric	1185	350,000	49" x 25" x 43"	630 lbs.
PGDC5-35324E	4.7	3500	Honda	20	Electric	1185	350,000	49" x 25" x 43"	650 lbs.
